

1

Ask the children to get hands on outside...
(exploring how nature moves liquids, contains and decomposes)

2

Help the kids
tease out why
the outdoor world
does it this way...

BIFKiDS
Sustainability
Challenge

Name: _____
Age: _____
From: _____

1 WHAT

How can we make a better, reusable water bottle?

2 WHY

3 BIF
I had an idea!

4 HOW

Ruff, look at this better water we bottle made

Plastic takes 400 years to decompose.

OUTDOOR CLASSROOM DAY

Dirt is Good

4

Get the kids to tell
you how they would
make it - and if you
can - collect outdoor
things to make it

3

Help the kids use the what and why
inspiration to create their new
water bottle idea.
